1 Year 1 Day Areas

1 Year 1 Day will activate the following interaction opportunities:

A) B2 Aula Magna (Upstairs) and Speakers' Corner: one or more of your representatives will have 5 minutes (MIPET Sponsors and STRATEGOS Patrons will have 10 minutes) to present at our Students your Entity, your Interests, your expectations and your proposals for our young Engineers; this will be carried out in B2 as much as possible. In case of very high number of attending companies, some late presentations will be carried out concurrently in common spaces based on pre assigned sequence as reported in final Agenda that will be distributed by Genoa University on March 25, even considering special requests by attendees (e.g. late arrival). Speakers' Corners will be located in Common Areas and represent an interactive moment among Companies, Institutions and Students and will run concurrently on different points. Speech could be in English or Italian based on your preference/needs

B) Virtual Hall: The collected virtual material (e.g. video and ppt), provided by your Entity, will be accessible to Students on smartphones, tables, laptop and web, in an easy, intuitive and direct way through *Smart 1Y1D* (www.simulationteam.com/1year1day). In this way they will be able to understand your structure and expectations in order to maximize achievements based on real mutual interests

C) Company Desks: Desks will be located in Common Areas with your name and eventually (if available) your rollup, leaflets, gadget, etc. In these locations you will be able to meet students and carry out the Campus Interviews

D) Campus Interviews: The Students will register on 1 Year 1 Day Interview Lists and will be directed towards your Company Desk; by the way, their Curricula Vitae will be distributed to you on March 26
