STRATEGOS Technical Workshops open to Industries

Safety and Security in Ports
10.00-18.00, October 7th 2019, Ordine Ingegneri, Piazza Vittoria 11, Genoa, Italy
Port Operators, Institutions & Companies highlights the advances in this sector and present challenges and opportunities. Security and Safety are addressed in Port and Coastal Critical Infrastructure context.

Modeling Hybrid Warfare & Emerging Threats
9.00-12.30, October 11th, 2019, Balbi I Class Room, via Balbi 5, 16126 Genova, Italy
Col.Di Bella, DIMS PhD Member & Officer with multiple overseas experiences, proposes Hybrid Warfare as Emerging Challenge (Media & Cyber Attacks, etc.) and presents models to reduce Vulnerabilities.

Programming and Code Development
14.00-17.30, October 15th, A217 at DIBRIS, via Dodecaneso 35, Genoa, Italy, Part 1/4
14.00-17.30, October 29th, A217 at DIBRIS, via Dodecaneso 35, Genoa, Italy, Part 2/4
14.00-17.30, November 5th, A217 at DIBRIS, via Dodecaneso 35, Genoa, Italy, Part 3/4
14.00-17.30, November 19th, A217 at DIBRIS, via Dodecaneso 35, Genoa, Italy, Part 4/4

Programming & Code Development are crucial components into the creation of New Applications & ICT Solutions. These Workshops provide foundations in programming by working on examples at Labs.

Design of Water Using Networks
10.00-12.30, October 28th, Aula B16, via Opera Pia 15a, Genoa, Italy
Water is a main Strategic Resource that is supposed to turn critical in next years. So recycling units are crucial to reduce freshwater consumption as analysis of concentrations on regenerated streams.

The Silk Route Game
7.00-17.00 GMT, November 1st, Genoa & Singapore Labs
The Silk Route Game provides an opportunity to investigate the Silk Route over Future Scenarios by Models and Data Analytics devoted to identify & quickly present Original Strategic Solutions & Opportunities.

Growth Marketing
10.00-12.30, November 8th, Balbi I, via Balbi 5, Genova, Italy
Smart Echo to Grow Business in Real-Time. Growth Marketing is a set of activities & technologies aiming to acquisition of new customers, the process is based on innovative technologies, AI, Big Data & Simulation.

Safety & Security for Working within Industry 4.0
14.00-17.00, November 8th, 2019, Balbi I, via Balbi 5, Genova, Italy
The workshop addresses as VDR is changing and all major news from smart working to working solo. Risks affecting Safety and Security are addressed as well as corresponding processes and potential solutions.

STRATEGOS Technical Workshops open to Industries

Cyber Security, Security and Safety
14.00-18.00, November 12th, Aula Cabella, Ground Floor, via Balbi 5, Genova, Italy
The Workshop addresses Security Challenges by proposing Innovative Solutions based on new Technologies. Safety & Security in Installations & Transportations are addressed with special focus on Cyber Threats.

Smart Asset Management
10.00-12.30, November 15th, Balbi I, via Balbi 5, Genova, Italy
Predictive Analysis for Fixed Assets: This workshop addresses needs from a wide range of industries and it has been designed to present innovative tools and techniques for optimizing fixed asset management.

From Data to Decisions by Socials
14.00-16.30, November 15th, 2019, Balbi I, via Balbi 5, Genova, Italy
Using Data from Socials to extract Information useful to drive Decisions in a dynamic & complex world. Models for decision making self tuning on the effective behavioral reactions captured on social networks.

When Technology meets Creativity for Strategy
10.00-12.30, November 22th, 2019, Balbi I, via Balbi 5, Genova, Italy
The importance to understand the intersection of Business, Creativity & Technology in order to build not only innovative products, but also to create immersive experiences for your clients based on Data & Models.

Rapid Development of Web App by XAF
14.00-17.30, November 22th, 2019, Balbi I, via Balbi 5, Genova, Italy
Main features of XAF one of the most powerful frameworks for the DotNet environment especially for mid sized projects are presented with special attention to highlight rapid development issue, pros and cons.

Databases & Data Management, Part 1 & 2
14.00-17.30, November 26th, Aula Balbi I, via Balbi 5, Genova, Italy, Part 1
14.00-17.30, November 29th, Aula Balbi I, via Balbi 5, Genova, Italy, Part 2
Digitalization & new advances in ICT Sectors strongly relies in proper Design & Development of Data and related Databases. A valid view is proposed on these issues, Databases and DBMS by interactive demos.

AI & BOT in Service and Business, Part 1 & 2
9.00-12.30, November 29th 2019, Balbi I, via Balbi 5, Genova, Italy, Part 1
14.00-17.30, December 6th 2019, Aula Balbi I, via Balbi 5, Genova, Italy, Part 2
There are many different kinds of Bots using AI and these workshops present and demonstrate them interactively with the Class.
